

Year 10 Learning Commons

Dear Parents and Carers,

In Semester Two, Year 10 students are invited to attend Learning Commons mini workshop presentations led by external professionals for the purpose of providing information on career pathways. Each week will feature a different professional from a variety of industries and tertiary institutions highlighting how students can access specific future pathway options. The presentations are carefully designed to help inform different year groups and their different stages of their future pathways journey.

This is an opt in program for Year 10 as it is scheduled for the second half of Period 4, each Wednesday. Each week, prior to each presentation there will be a QR code for students to sign up to, in addition to this they require your permission to attend – the QR code will be located in the Coordinator’s corridor and the Resource Centre.

In signing this form, you are giving your child permission to leave their normal timetabled class to attend a Wednesday presentation from 12:50-1:20pm that is of interest to your child. This will allow SFX to create an attendance list and give the presenters an idea of how many will be there. If students are required to remain in their classes for assessment or to complete classwork, this will take priority.

Please detach this part and return it to Mr Hall
